

Had a great 2 years experience with Literature Lab!
The classes were very helpful especially for IO's and Ms Taranginee always made sure the background information of each text was clearly conveyed. Each lesson was carefully tailored towards my personal development

English was made really easy especially for me who has no interest in English. Best teacher and great at talking to keep my mind fresh. Would have regretted if I had not joined.

I feel extremely satisfied with the quality of education provided by Literature Lab Mumbai. All lessons are useful and really support my work at school. Even when this is my first time doing Language and Literature course, Prof. Taranginee helped me a lot building up my literature skill foundation and also help me to approach complex social issues which are interesting.

Moreover, she was very patient and friendly which makes every lesson enjoyable and easy to get along with. She spent a decent amount of time to support student's learning, school work and also official assignments. On top of that, the scheduling and timing of each lesson is flawless and suitable for students from different time zone. I would recommend this to my junior cohorts.

Taranginee ma'am is very flexible and conscientious and concentrates on correcting weaknesses. She is constantly making sure that the background information of especially literary texts is clear so that the process of analysing them becomes smoother and more accurate. The dynamic of one to one is really excellent, this interaction has helped me strengthen my learning greatly. I would love to thank Taranginee ma'am for those last minute sessions which really helped me with writing my responses.

I have only been a student under LLM for half of my IGCSE course, however I can say with full confidence that I benefited from the lessons. The timings were flexible and could be adjusted to suit my timings and the teachers, which allowed me to be able to pay full attention to the classes.

The teachers are also extremely kind, friendly, supportive and always ready to help you with any doubts or concerns. I wasn't the biggest fan of literature and english, however after my classes with my teachers, I developed a new passion towards literary texts and the analysis of them which I believe will help me throughout my life and is a necessary life lesson. The lessons provided by were a great investment and definitely worth it. I will be certain to recommend them to the future IGCSE candidates.

Classes were very good and helpful especially the guidance for the IO! The classes studying the literary works were very detailed and helpful aswell!! just wished, we focused a little more on comparing and contrasting the two works and had a little more time with that! The guidance with Paper1 was also very helpful!

Echoes from the Classroom

Ever since joining LitLab, my english grades have improved immensely. With help in terms of exams, editing and planning. Ms. Taranginee has helped me to change my english vocabulary and structure. Despite taking on a new syllabus, Ms Taranginee kept an open mind and ensured to do research prior to our classes. Furthermore, her experience and great attitude towards teaching allowed our classes to be interactive, interesting and engaging. After giving my GCSE exams, I have a strong english foundation which will bridge the path for me in IB and with further guidance I hope to score a 7 in IB as well.

I would highly recommend the literature lab for anyone seeking help with the english language from all aspects, language and literature. Ms Taranginee also is always available to help and is willing to assist me during times of desperate needs. IE: the last minute exam stress all students feel. Additionally, with Ms Taranginee's knowledge in the english field and numerous numbers of IGCSE students, I am confident in achieving grades beyond imagination.

I have had an amazing time with Miss Taranginee. It's been a roller coaster journey but miss supported me throughout it all. There were times when I wasn't getting the grades I wanted but miss Taranginee uplifted my spirit and didn't let me give up.

Litlab's organisation of the syllabus for the As level course was really amazing and the portion was done well in advance. We were given practice papers and step by step guidance throughout the year which made this class better and more structured.

Taranginee Miss has been an inspiration for me since the first time I met her. Every ounce of feedback from her has helped me conquer any challenge, no matter how daunting it may seem. The two years I have spent under her skilful mentorship is something I will cherish for the rest of my life.

I had enrolled my daughter in LLM for PYP 4 Literacy in April 2023. Mrs. Ambika Menon started tutoring her for literacy and within couple of months I could see predominant changes in the reading and grammar skills of my daughter. Gradually her spelling and writing skills started improving. It's been more than a year and my daughter is more confident in Literacy. Mrs. Ambika Menon is a very kind and knowledgeable teacher. She observes and understands the need of the child and caters according to their requirement.

Initially I enrolled only for literacy and couple of months later I also enrolled for Numeracy. And xanow I can see a great change in my daughter's numeracy skills. She is not afraid of math. Mrs. Ambika Menon has made my daughter feel secure and confident through her teaching methodologies. Each lesson is tailored according to the areas of improvement required. Mrs. Ambika takes a lot of effort to ensure the child understands the topic thoroughly before moving on to the next one. Feel blessed to have a tutor and guide like Mrs. Ambika. Many thanks to Mrs.Taranginee to have started an academy with such amazingly talented facilitators.

This was academic year 2015-2016 when I was struggling with the Grammar paper I had during the final year of Bachelors. Taranginee Ma'am helped us with the right number of practice samples and she was also open for any doubts over chat and call (at anytime, she would always emphasize).

Her friendly approach and honest attitude were her best attributes, it made us feel comfortable around her. One of the only teachers in my life I could hang out with and rely on any academic guidance, not just during Bachelors but even after that.
